

TCSC SAFETY, SECURITY, AND ENVIRONMENTAL PROTECTION POLICY

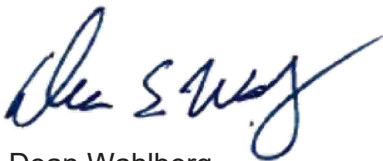

Our Mission

It is the policy of Transoceanic Cable Ship Company, LLC. (TCSC) to conduct its operations in a manner that is protective of the environment and the health and safety of its employees, contractors, vendors, clients, visitors and our global community. Our management team will strive to identify, eliminate or mitigate the potential sources of pollution, accidents, and security threats.

To achieve this objective, all TCSC shipboard and shore side personnel are committed to:

- Prevent pollution from entering the environment
- Comply with the requirements of applicable environmental laws and regulations
- Safeguard the work environment for personnel through the identification and mitigation of the risks and hazards
- Investigate accidents and hazardous occurrences reported by personnel and implement requisite corrective actions in a timely manner
- Ensure that the Safety, Security, and Environmental Protection Policy is understood and maintained on all levels within TCSC
- Strive for continual improvement of the safety and environmental management system and the skill of its users, both for everyday and emergency operations
- Conduct Ship Security Assessments and maintain Ship Security Plans for each vessel
- Adhering to a Cyber Security program to mitigate risks and threats and will take prompt corrective actions when necessary

This policy will be posted on the Bridge and in the accommodation area of each of our vessels, in our corporate offices, and on our website.

Dean Wahlberg
Vice President, Marine Services
